Pharmacy Prescription & Refill Update

May 19th, 2021

Dear Patients:

Starting June 1st 2021, The RSBCIHI Pharmacy Department will no longer be providing a 90-day supply of medications that was temporarily authorized in April 2020 by its Board of Directors and Administration. As conditions relating to the COVID-19 pandemic continue to improve across our communities and clinics, after careful review, our Board of Directors and Administration have agreed to go back to the 30-day prescription refills. This will allow our Pharmacy program to align with Medi-CAL and other health plans for insurance purposes.

In the initial phases of the COVID-19 pandemic, RSBCIHI approved this 90 day supply to ensure social distancing within our clinics and for the health and safety of all our patients and employees during this pandemic. RSBCIHI will still provide curbside medication pick-up for patients. We appreciate your understanding in this matter.

Sincerely,

Bill Thomsen, MHA
CEO, RSBCIHI
