

## ABOUT US

---

Behavioral Health Services (BHS) provides culturally competent, confidential, professional mental health and comprehensive substance abuse services to eligible Native American/Alaskan Native patients and their dependents.

We are dedicated to providing patients with the support, care and respect in a manner that honors their experiences, skills, strengths and insights in their journey and path to recovery.

Please, if you or anyone you know needs our help, contact us at any of our 8 clinic locations to arrange a confidential intake/assessment.

For more information on any programs listed within this brochure please call:  
909-864-1097 ext. 4709  
951-849-4761 ext. 1426

  - Suicide Prevention Trainings Available
- Tribal Opioid Response Program
  - Narcan Training Available
- Zero Suicide Initiative

## GENERAL ASSISTANCE

The General Assistance program is a BIA grant that provides financial assistance to meet essential needs of eligible Native American community members without income. Applicants must be enrolled members of a federally recognized tribe, and must reside on one of RSBCIHI consortium reservations.

The Bureau of Indian Affairs provides this assistance to promote personal health and family unity with economic and social stability. Please call the Morongo Behavioral Health Services Department at (800) 851-5816 ext. 1426 to schedule an appointment at your nearest RSBCIHI clinic.
